Telecom Manhole Chamber

FCST-TH-SMC10 Telecom Manhole Chamber is meticulously engineered to offer comprehensive protection, storage, equipment installation, and maintenance solutions for the underground placement of optical fiber splice boxes and cable products. This product boasts not only high stability, an extended service life, and exceptional pressure resistance, but also facilitates easy assembly.

- Good electrical insulation and flame retardancy.
- Depth can be stacked according to requirements.
- Lightweight design using SMC composite materials.
- Prefabricated structure reduces on-site construction costs.
- Unique multi-port knock-outs give industry leading interface with all Duct and Multiduct options.
- Transverse and vertical cross stiffeners are arranged around the outer side of the shaft, also be closely combined with the rammed soil layer. It is not easy to move and loosen after rolling.

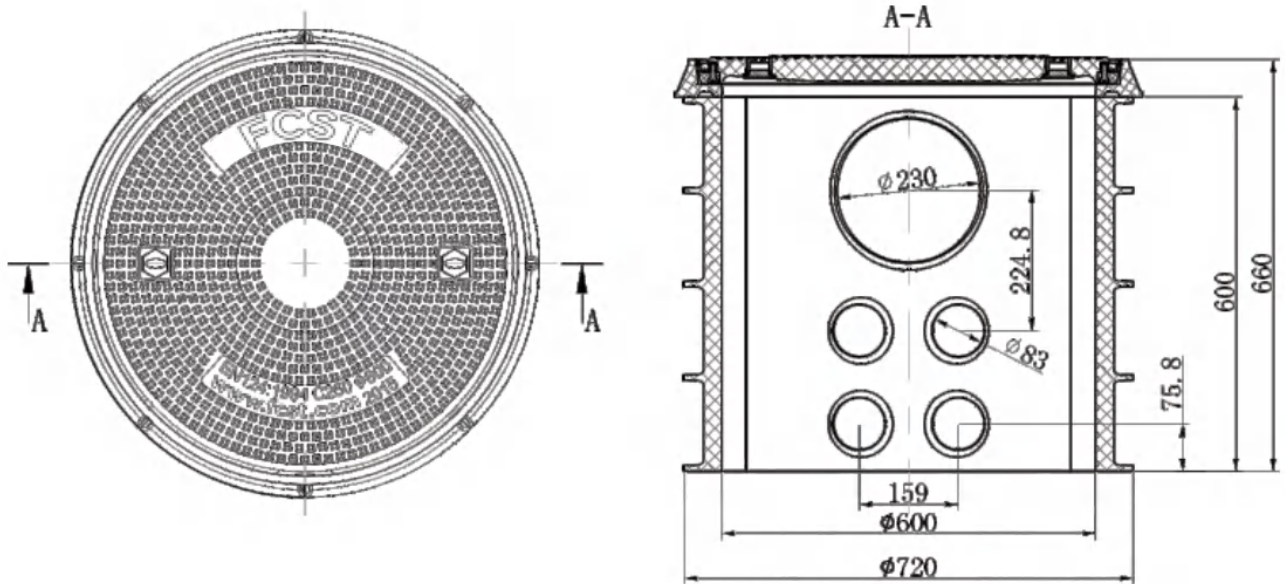

Product Specifications

Construction	Description
Executive Standard	EN124:1994
Material	SMC
Manhole Cover Load Grade	A15/B125/C250/D400
Diameter	φ600mm 23.623in
Depth	φ600mm 23.623in
Weight	50kg
Flame Retardant Grade	V0
Environmental Requirements LOGO	Meet ROHS Available
Working Temperature	-40°C~+65°C
Storage Temperature	-40°C~+70°C
Service Life	30 years

Product Size

External Size(L*W*D)	Internal Dimensions(L*W*D)	Manhole Cover Load Grade
φ720*680mm (φ28.347"x26.772")	φ600*600mm (φ23.623"x23.623")	A15/B125/C250/D400

Product Application

Note : The practical application of this Composite Manhole Chamber, covering many fields such as municipal administration, electric power,electricity, water , road administration,and drainage.

On each side of the product. The size of the drill hole can be adjusted at the construction site according to the actual size of the HDPE Silicon Pipe/HDPE Micro-duct.

Ordering Information

FCST-TH-SMC10--

A

A- Cover Load Grade

A1 A15

A2 B125

A3 C250

A4 D400

*Note: The specified model is determined based on optional configurations. For example: FCST-TH-SMC10--A1.

Accessories Optional

Optional-1 FOSC Fixed Frame

Optional-2 FOSC Fixed Frame

Optional-3 FCST-Cross Cable Rack

Optional-4 Manhole Ladder

Better FTTx, Better Life.

Fiber Cable Solution Technology Co.,Ltd.

FCST - Better FTTx, Better Life.

At FCST, we manufacture top-quality microduct connectors, microduct closure, telecom manhole chambers and fiber splice boxes since 2003. Our products boast superior resistance to failure, corrosion, and deposits, and are designed for high performance in extreme temperatures. We prioritize sustainability with mechanical couplers and long-lasting durability.

FCST aspires to a more connected world, believing everyone deserves access to high-speed broadband. We're dedicated to expanding globally, evolving our products, and tackling modern challenges with innovative solutions. As technology advances and connects billions more devices, FCST helps developing regions leapfrog outdated technologies with sustainable solutions, evolving from a small company to a global leader in future fiber cable needs.
