## Product Overview

Divisible Duct Sealing-40~63mm Suitable for Gas and Watertight sealing of 40/50/63mm HDPE ducts, which contain mini/micro ducts and / or (fibre optic) cables.

The modular system will guarantee easy installation of various different cable and duct configurations. Our system is divisible so can be applied at installation or afterwards.

The rubber inserts can be custom designed for your specific needs and configuration and will contain (temporary) blind plugs to make the system more flexible at the installation site.

## Product Advantages

- Slim design.
- Easy installation.
- Suitable for retrofitting.
- Gas and watertight  $\geq 0,25$  bar.
- Other versions available upon request.

## Product Specifications

| Construction                     | Description                                                                                              |
